Subject Re: Parque Venado

Congrats Derek. You join an exclusive club of a handful of Line Officer's who have hosted and survived a national Rainbow gathering.

You have my and the Agency's appreciation for a job well done. This gathering sets a different mark than last year's.

I know you intend and we expect to help the next lucky line officer to learn from your experience. Put. On your calendar a trip for next year to travel to the next unit to be so blest to "pay it forward".

Again let me extend my personal thanks for a job extremely well done! C

Subject: Parque Venado

Hello all. I just wanted to pass on that the Parque Venado area is 100% Rainbow free. I was up there today and looked in all the places they were last camped at, and all areas were clear of campers. I also had a chance to head down to the gathering area and things are shaping up. Lots of wildlife sign around. I attached a photo of a deer track I found in the traders row area. Pretty good size for a deer track. The knife I put for reference is about 3 inches in length.
