Subject Rainbow Family Gathering

Ladies.....I send you this message to ask for your suggestions and guidance on a RRR matter relating to the Rainbow Family Gathering. Here's what I'm thinking I need to do, and before I do anything, I want your 'blessing'.

As the local green representative, I want to emphasize to the Family that the Santa Fe IS a green forest (pun intended), and to also provide them with pertinent information regarding where they might take their recyclables in this area. (There is a small transfer station near the Jemez Pueblo, but there are many restrictions, including hours of operation.....otherwise, it's ABQ or Santa Fe)

I have information regarding recycle collection sites, but what I am seeking from all ya'all, is any additional verbiage you would care to impart? Any "official" message from the forest? Anything you would like me to say (or not say)?

As you know, there is a Type I Team in place here at the Cuba District Office; it's like having a fire camp at the District Office. (Except people aren't all smokey and stinky, nobody is grouchy yet, and we get to go home at night.....) But each day, a fresh IAP (Incident Action Plan) is developed and distributed, and I am going to make it a point to have a green message in it everyday. I believe this sudden influx of people (FS and Family) will continue to provide us with opportunities to emphasize our program, as

well as many 'teachable moments'.

Looking forward to your comments.....
