Subject Fw: Closure Order 10-324

Derek and Bill--see Erin's note below. The new closure order that was signed last Friday and Erin brought over to Cuba on Saturday needs a map to go with it. Could you talk with [REDACTED] and figure out what's needed and get one put together?

Sylvia Valdez is the keeper and poster of closure orders over here, so she'll need a copy.

I don't have one created yet. Will need to be done. Would you get our GIS contact at Cuba to do one? This is actually a new order related to the roads specifically, not the area.

Erin, was there a map associated with the order this one replaced? I assume the area didn't change, just the wording in the order.

Subject 38th Annual Rainbow Family Gathering Slideshow—Please
Review

Greetings,

For a slideshow of the Rainbow Gathering currently underway on the Santa Fe National Forest, please visit: ftp://ftp2.fs.fed.us/incoming/r3gis/santa_fe/2009_Rainbow/. After you click on the link to the left, double-click on the "38th_Annual_Rainbow_Family_Gathering_SFNF" pps file that appears on the page. When prompted to download the file, save the file to your computer (temp folder or desktop). The file takes about 2 minutes to download. When the slideshow starts, you can navigate through the slideshow at your own pace by pressing the space bar on your keyboard. Make sure the volume is up on your computer, there is music.

Enjoy!

Subject Re: Draft format for Rainbow National Team close-out 7/7

We are configuring the local team that will take over the residual Rainbow project. I will have that projected organization ready for our 1400 meeting. I am also working on the "Draft" final report. However, I won't be able to get the final report Draft finished until early next week. At which point I will forward to both IC's to be finalized.

Subject Re: Draft format for Rainbow National Team close-out 7/7

I gave it a quick look and only made a few minor changes. I think the categories are fine. We may find that some fall aside as we have our discussion and we do have the "other" category if there is anything to add.

Thanks Andy!

See you folks this afternoon.

ICS IMT Close Out CH12 V3.doc

Andy: Will you be working with [REDACTED] to complete the turnback to the local IMT?

We will need to discuss what that local IMT looks like or if we just turn it back to the District and the District Ranger runs the operation as permit administration under his regular authority. I don't imagine that we will have too many off-forest folks involved in that part....but worth discussion. You guys have already put some thought to this I know.

ch12.pdf ICS IMT Close Out CH12 V2.doc

The Adobe ch12.pdf describes the general guidelines for close-out on wildfires with IMT's. The attached Word document is what I have edited the Adobe document down to. I attached the IAP objectives, cut some stuff, and edited other stuff. Let me know if this will work for a meeting guideline. Or, if you would like some other edits to it. **I am wide open for suggestions.** I simply want to facilitate the meeting format you would all like. Please get edit information back to me as soon as possible so I can edit before the meeting. Or, just call me with the edits desired. thx.....andy

Subject Rainbow Gathering News Clips from Santa Fe New Mexican

Santa Fe New Mexican Reporter, Staci Matlock's first of two stories on the clean-up/rehab of the Rainbow Gathering site made today's headlines (first article below). Her second, follow-up story regarding the clean-up/rehab is due to go to print within the next two months. In addition to her first clean-up/rehab story, a separate story regarding this year's signed permit and the right to assemble (also in today's paper) is also attached.
