Subject NM Homeland Security Fly-over—Rainbow Gathering

FYI, you may have already heard, NM Department of Homeland Security will be flying-over the Rainbow gathering today. They will try and minimize their presence by staying around the perimeter and not flyover the main meadow. IC Padilla did discuss the possibilities of backlash from the group and the conspiracy theories that could come with this, but they (Homeland Security) will still plan to fly. I spoke with Denise O. and Lawrence L. today and have instructed them to refer specific questions about the flyover to Beverly Allen, PIO with Homeland Security. Beverly was at ICP when I was talking with Denise, Lawrence and Jessica and she's fine with taking any calls regarding the flyover. She was with others from Homeland Security who will be driving to the site today. There will be lots of "VIP" visits today including Homeland Security Cabinet Sec John Wheeler, Deputy Sec. John Martinez, Susan Walker Operations and Don Scott who will be on the flyover and others who will be driving to the site. Then we've also got R.O. folks and WO LE going out today too.

NM Health Department is taking water samples for testing today from the different kitchens set up.

Other than that, ICP Information hasn't been too busy. They are setting up field sites to make sure and catch vehicles before they try to get on FR 69 the "wrong" way. This will be important to do today through July 4th.
