

SANTA FE NATIONAL FOREST

RAINBOW FAMILY GATHERING 2009

INCIDENT ACTION PLAN

June 22, 2009

INCIDENT OBJECTIVES	1. Incident Name Rainbow Family Gathering 2009	2. Date 06/22/2009	3. Time 0700
4. Operational Period 06/22/2009 Rainbow Unified Command Team Operational Period			
<p>5. General Control Objectives for the Incident (include alternatives)</p> <ul style="list-style-type: none"> • Provide for the safety and welfare of all incident staff through effective organization, good briefings, supervision within span-of-control, coordination of all resources, reliable communications, continuous situation awareness, and effective scene size-up prior to committing resources on any response. • Use all available resources and opportunities to show respectful regard for Rainbow Family participants. • Promote the safety and welfare of the public, protect infrastructure, and public property through information and enforcement of laws. • Provide timely response to all appropriate requests for assistance. • Ensure that incident personnel follow established Department of Agriculture guidelines regarding civil rights, and other Forest Service policies, practices, and procedures. • Provide effective incident management training experience for all trainee positions. • Mobilize the needed resources to manage the event activity safely, effectively, and efficiently. • Provide timely and accurate information to internal audiences, all levels of media, local communities, affected agencies, and partners. 			
<p>6. Weather Forecast for Period</p> <ul style="list-style-type: none"> • Keep informed of twice daily Santa Fe Zone Interagency Dispatch Center Forecasts. 			
<p>7. General Safety Message</p> <ul style="list-style-type: none"> • Develop contingency planning to limit the potential spread of all infectious diseases, and to protect incident staff and the public from widespread exposure. • Observe driving regulations and personal limitations. • <u>Reduce speed by 25% on Forest Roads!</u> • Honor Work/Rest requirements. (Work shifts restricted to 12 hours without IC prior approval). • Get adequate rest, hydration, and use your vitamins. • Santa Fe NF requires a hardhat to be worn anytime outside the vehicle when in the NF.

2009 RAINBOW IAP MEDICAL PLAN

Emergency Procedures Checklist

1. Conduct Size-up of the situation to include:

- Nature of the problem, i.e., injury or illness.
- Number of people involved & crew identification.
- DO NOT give names of individuals over the radio
- Chief complaints, patient assessment (refer: to IRPG page 35).

2. Contact Santa Fe Dispatch Center

- Clear all radio traffic.
- Point of contact will relay patient information & type of evacuation requested.
- Point of contact will relay Lat. & Long. for pick up location or major landmark. Lat. & Long., UTM's or Legal location are required for Helicopter life flights.

3. For an ALS Med-EVAC Request:

- Point of contact will notify Incident Commander and Santa Fe Dispatch Center for ALS-EVAC.
(* See below for locations on Air Ambulances*).
- If an outside Air Ambulance is requested, Santa Fe Dispatch Center initiates call. Santa Fe Dispatch informs Incident Commander and point of contact on estimated time of arrival and destination of patient.
- Point of contact will inform Santa Fe Dispatch Center with patient lift-off.
- Non-emergency radio Communications resume when emergency is complete, Santa Fe Dispatch Center will announce to all units.

4. For a Medical Transport request:

- Incident Commander or point of contact will notify Santa Fe Dispatch Center for Medical Transport (*See below for locations Medical Transports*) request.
- Incident Commander or point of contact will identify and relay pick-up site.
- Santa Fe Dispatch Center will coordinate patient pick-up designated medical transport.
- Santa Fe Dispatch Center relays ETA to pick-up site.
- Santa Fe Dispatch Center will announce to all units to resume normal radio operations.

Subject planning & coordination meeting

History: This message has been forwarded.

Hello Everyone—

I would like to invite you to a planning meeting for first responders on Thursday, June 25th at 1:30 PM to discuss the plans and coordination of services through July 7th. The meeting will be at the Forest Service Administrative site (also known as warehouse) at the north end of Cuba on West Ranger Lane on the west side of highway 550, approximately 1.1 miles north of the intersection of highways 126 and 550.

Please be at this important meeting and feel free to invite other response agencies that you feel should be there also. This meeting will not be open to the public.

Thanks!

David A. Bervin

Hello Dave and [REDACTED] I agree with all of [REDACTED] thoughts and that is how we will proceed. As far as the shift plan and situation report, we will be sending that out to those that request, so you are now on the list. Let me know if you have more questions or concerns.

FYI - As of 6/18 we are estimating approx. 1000 people.

SubjectFW: Reflector Info

Hello [REDACTED] — Ex. (b)(6) & (b)(7)(C)

I hope things are going well. I wanted to pass this information along about the amateur radio group so that you knew about how they would react if a call came over their system for help. It will not be staffed for this purpose, but if they do get a call, they should follow this protocol in order to help facilitate a response. I also have a couple of questions:

I know that you are receiving Wx from Santa Fe daily. If there is a severe Wx warning, is there a notification process for the Rainbow Family (RF)? There are FS representatives on the ground everyday. There will likely be specific times for meetings on the ground and this information will be passed on then.

I talked to Garrick Wednesday about fire safety and response in case of a wildland fire in the area. He mentioned that they give their people choices. They can fight the fire, run away or travel downhill following a stream. Sounded kind of sketchy. Does the IMT address this in any way? If we could contribute to a little education with the RF and they want it, we would be happy to. Typically, we will defer this to our fire organization here. What we will likely prefer is that the rainbows try to get into the way and clear themselves out of the way so as to allow the fire resources to address the fire. So, the biggest concern will be people. It would be a tremendous help for the rainbows to simply ensure that no one stays back to help.

Food safety—same message. There is a lady that is in our LEPC that does this for the Environment Department and I could probably get her to do an information/education walk through. I would welcome her to do that if she would like. The rainbows would probably welcome it as well.

Finally, I was wondering if I could get a copy of the daily IAP and situation report e-mailed or faxed to me

Ex. (b)(2)(high)

so that we can stay in the loop. Any other info that you would like to forward would be great too. I will send this to our planning section chief and IC Derek Padilla to see how to best do this.

I hope I'm not being too much of a bug. We would like to stay informed without getting in the way. I think I'll be coming up on Monday with James Mason from Task Force 1/DHSEM and we will try to touch base then.

Thanks!

Subject: Reflector Info

FOR IMMEDIATE DISTRIBUTION TO THE AMATEUR COMMUNITY

The Rainbow gathering is already in progress, the site chosen this year is 20 miles NE of Cuba, New Mexico in the Rio Arriba County portion of the Santa Fe National Forest. Several licensed Amateur Operators are on site and are planning on setting up stations that can get into the Mega Link as well as directional antennas aimed at Albuquerque. I was advised that they are aware of the Mega Link as well as the URFMSI, and SCARES repeaters. All Emergency requests are

Ex. (b)(6) & PA

being handled by Sandoval County Regional 911 Center in Rio Rancho. If you receive a request for assistance, please contact Sandoval County by calling:

If in Sandoval County dial 911

Albuquerque Metro Area 867-4581 option 2

Outside the Albuquerque Metro (Long Distance) 1-888-696-3473 option 2

Please gather basic information as you are calling, Call sign, type of emergency (police, Fire, Medical) Stay in contact with the Rainbow contact, the call taker will need information relayed by you about the request. Please remember that if you are relaying medical information, the NAME of the patient cannot be transmitted by radio. If Medical, they have their own medical staff and the call normally indicates that it is beyond their abilities. Please find out if they can transport the patient out to Hwy 126 to meet the Ambulance.

If you have any questions about this issue, please feel free to contact me by email at [REDACTED] or cell 505-934-5847.

Thank you for your assistance
