

SANTA FE NATIONAL FOREST
RAINBOW FAMILY GATHERING
2009

INCIDENT ACTION PLAN

July 4, 2009

INCIDENT OBJECTIVES	1. Incident Name Rainbow Family Gathering 2009	2. Date 07/04/2009	3. Time 0700									
4. Operational Period 07/04/2009 Rainbow Unified Command Team Operational Period												
5. General Control Objectives for the Incident (Include alternatives) <ul style="list-style-type: none"> • Provide for the safety and welfare of all incident staff through effective organization, good briefings, supervision within span-of-control, coordination of all resources, reliable communications, continuous situation awareness, and effective scene size-up prior to committing resources on any response. • Use all available resources and opportunities to show respectful regard for Rainbow Family participants. • Promote the safety and welfare of the public, protect infrastructure, and public property through information and enforcement of laws. • Provide timely response to all appropriate requests for assistance. • Ensure that incident personnel follow established Department of Agriculture guidelines regarding civil rights, and other Forest Service policies, practices, and procedures. • Provide effective incident management training experience for all trainee positions. • Mobilize the needed resources to manage the event activity safely, effectively, and efficiently. • Provide timely and accurate information to internal audiences, all levels of media, local communities, affected agencies, and partners. 												
6. Weather Forecast for Period <ul style="list-style-type: none"> • Keep informed of twice daily Santa Fe Zone Interagency Dispatch Center Forecasts. 												
7. General Safety Message <ul style="list-style-type: none"> • Develop contingency planning to limit the potential spread of all infectious diseases, and to protect incident staff and the public from widespread exposure. • Observe driving regulations and personal limitations. • Reduce speed by 25% on Forest Roads • Honor Work/Rest requirements. (Work shifts restricted to 12 hours without IC prior approval). • Get adequate rest, hydration, and use your vitamins. • Santa Fe NF requires a hardhat to be worn anytime outside the vehicle when in the NF. 												
8. SAFETY & HEALTH REMINDERS **2009 RAINBOW FAMILY GATHERING**
Santa Fe National Forest

July 4, 2009

HAPPY 4th of JULY

Tomorrow we should start seeing Rainbow family members leaving in mass.

Keep up the safe driving, Clean Windshields, Limit speed to the road and situation, be courteous and drive defensively, always lookout for the other driver. Heads up for animals on the road. Use your safety belts.

Use good Safety skills at all times use gloves and germ killing skin gel. Be aware of edge weapons, and sharp objects. Properly dispose of contaminated items in Biohazard bags and or sharp containers.

Mental alertness, recognize dangerous situations. Look out for each other. Arrest and transport by policy. Keep alert and tactically be prepared at all times. Always be aware of your surroundings. Use contact /cover techniques when out of your vehicle.

L.E. support and assist other Law Enforcement agencies and operations.

L.E. units assist and cover resource workers when they are in the area. And, County Public Health workers when you see them.

Resource workers need to work in pairs, check in and out with Forest Dispatch, and or ICP Dispatch. Communicate with Law Enforcement.

Be aware of your surroundings at all times. Leave if you feel unsafe or unsure. Watch out for each other.

Always have a planned escape route.

Keep the right mental mindset – a sense of winning – not just merely surviving any encounter or contact.

Stay safe and have a good day!

THANKS!
SAFETY

MRSA

(Staph Infections)

Steps for Prevention

1. **Wash your hands.** The simplest thing to do to help stop the spread of MRSA is to wash your hands. When washing hands, do it for at least 10 to 15 seconds. If soap and water are not available, use an alcohol-based hand sanitizing gel.
2. **Treat cuts, scrapes, and abrasions immediately.** New wound-care treatments for minor cuts, scrapes, and abrasions are starting to appear in the marketplace. Look for one that kills MRSA, or ask your first aid supplier whether it has a wound care gel or ointment that kills MRSA. Also, keep wounds covered with a bandage until healed. Open wounds can receive and/or host MRSA.
3. **Shower after physical activity.** The upsurge in sales of all-over deodorant body sprays reinforces the fact that fewer people are showering after physical activity these days. Bacteria grow best in warm, moist environments such as those created after physical activity. Parents may want to alert their teenage and older children to the need to shower after physical activities such as sports.
4. **Properly clean tools, gear, and equipment.** Take time during the work day to clean the tools and equipment that can accumulate MRSA. Situations where workers share tools and gear may be ripe for the spread of infection-causing bacteria.
5. **Avoid contact with other people's wounds or bandages.** Bacteria can live on wounds and bandages and can easily spread. Never touch another person's wound directly.
6. **Avoid sharing personal items such as towels or razors.** Razors are especially troublesome in relation to spreading MRSA. It is possible for razors to break the skin and create opportunities for MRSA and other bacteria to enter the body. Bacteria can live on towels and similar items. It can be helpful to dry towels and clothing items in a dryer instead of hanging them up to dry. A warm to hot dryer helps to kill bacteria.

Learning about MRSA and taking preventive steps in the workplace, and at home, can help to turn the tide in the war against MRSA infections.

2009 RAINBOW IAP MEDICAL PLAN

Emergency Procedures Checklist

1. Conduct Size-up of the situation to include:

- Nature of the problem, i.e., injury or illness.
- Number of people involved & crew identification.
- DO NOT give names of individuals over the radio
- Chief complaints, patient assessment (refer: to IRPG page 35).

2. Contact Santa Fe Dispatch Center

- Clear all radio traffic.
- Point of contact will relay patient information & type of evacuation requested.
- Point of contact will relay Lat. & Long. for pick up location or major landmark. Lat. & Long., UTM's or Legal location are required for Helicopter life flights.

3. For an ALS Med-EVAC Request:

- Point of contact will notify Incident Commander and Santa Fe Dispatch Center for ALS-EVAC.
(* See below for locations on Air Ambulances*).
- If an outside Air Ambulance is requested, Santa Fe Dispatch Center initiates call. Santa Fe Dispatch informs Incident Commander and point of contact on estimated time of arrival and destination of patient.
- Point of contact will inform Santa Fe Dispatch Center with patient lift-off.
- Non-emergency radio Communications resume when emergency is complete, Santa Fe Dispatch Center will announce to all units.

4. For a Medical Transport request:

- Incident Commander or point of contact will notify Santa Fe Dispatch Center for Medical Transport (*See below for locations Medical Transports*) request.
- Incident Commander or point of contact will identify and relay pick-up site.
- Santa Fe Dispatch Center will coordinate patient pick-up designated medical transport.
- Santa Fe Dispatch Center relays ETA to pick-up site.
- Santa Fe Dispatch Center will announce to all units to resume normal radio operations.

Hospitals/Clinics:

Name	Address	Travel Time		Phone	Helicopter		Param Center

Nursing Response Strategic Plan:

██████████, RN, BSN
██████████, RN

1. Attend inter-agency briefings
2. Establish relationships with Forest Service, EMS, local hospitals and urgent care, Rainbow Family CALM
3. Provide a consistent physical presence at the gathering/establish trust and exchange of information to the extent possible with CALM workers
4. Assist DOH Epidemiology infectious disease surveillance, and intervention if necessary (e.g. sample collection, medication administration, isolation and quarantine)
5. Stock local Public Health Office with equipment specified by Epidemiology Department
6. Provide on-call support as needed
7. Participate in education outreach to Rainbow kitchens and CALM
8. Provide adult immunizations of Hep B and Hep A to Forest Service personnel as requested
9. Accompany Epidemiology teams to the gathering in order to provide a consistent contact and facilitate exchange of information.
10. Maintain regular contact and exchange of information with nurse managers at local Emergency Rooms in order to facilitate enhanced syndromic surveillance as recommended by DOH Infectious Disease Epidemiology Bureau.
11. Inform DOH Pharmacy and Laboratory staff as needed regarding laboratory sampling activities and any recommended distribution of medication.

COMMUNICATION PLAN
