

SANTA FE NATIONAL FOREST

RAINBOW FAMILY GATHERING

2009

INCIDENT ACTION PLAN

July 6, 2009

INCIDENT OBJECTIVES	1. Incident Name Rainbow Family Gathering 2009	2. Date 07/06/2009	3. Time 0700
4. Operational Period 07/06/2009 Rainbow Unified Command Team Operational Period			
5. General Control Objectives for the Incident (include alternatives) <ul style="list-style-type: none"> • Provide for the safety and welfare of all incident staff through effective organization, good briefings, supervision within span-of-control, coordination of all resources, reliable communications, continuous situation awareness, and effective scene size-up prior to committing resources on any response. • Use all available resources and opportunities to show respectful regard for Rainbow Family participants. • Promote the safety and welfare of the public, protect infrastructure, and public property through information and enforcement of laws. • Provide timely response to all appropriate requests for assistance. • Ensure that incident personnel follow established Department of Agriculture guidelines regarding civil rights, and other Forest Service policies, practices, and procedures. • Provide effective incident management training experience for all trainee positions. • Mobilize the needed resources to manage the event activity safely, effectively, and efficiently. • Provide timely and accurate information to internal audiences, all levels of media, local communities, affected agencies, and partners. 			
6. Weather Forecast for Period <ul style="list-style-type: none"> • Keep informed of twice daily Santa Fe Zone Interagency Dispatch Center Forecasts. 			
7. General Safety Message <ul style="list-style-type: none"> • Observe driving regulations and personal limitations. • Reduce speed by 25% on Forest Roads • Honor Work/Rest requirements. (Work shifts restricted to 12 hours without IC prior approval). • Get adequate rest, hydration, and use your vitamins. • Santa Fe NF requires a hardhat to be worn anytime outside the vehicle when in the NF.

SAFETY & HEALTH REMINDERS 2009 RAINBOW FAMILY GATHERING
Santa Fe National Forest

July 5, 2009, through duration.

***Today the Rainbow family members will start leaving in mass.
Watch for increased traffic.***

Always look out for the other driver, be prepared for the unexpected. Limit speed to match the road condition. Wear your seat belts. Watch out for animals.

DRIVING HOME – remember you must have had 8 consecutive hours off duty before beginning your shift or travel time driving home. No more than 2 hours driving time with out a rest stop. No more than 10 hours per shift.

Use good Officer Safety and Protective measures – Gloves & germ killing skin gel. Watch out for sharp objects and needles. Be aware of edge weapons.

Mental alertness, Look out for each other and recognize dangerous situations. Never stop seeking the next threat. Have an escape route.

Know your Backup – Have good Communications with each other and other L.E. units in the area.

Use good Officer Safety Skills. After transport wipe or spray your patrol vehicle with Lysol or decontamination wipes. And clean handcuffs.

Support and assist other L.E. agencies as needed.

Beware of all dogs. Look where you walk. Parvo virus is contagious.

When you go home, “think of where you walk, with those field boots”.
Please decontaminate your field boots and gloves.

Resource personnel please check in and out with forest dispatch and Rainbow ICP. When parking and leaving your vehicle, lock it up. Always be aware of your surroundings – leave if you feel unsafe or unsure. Always have an on going escape route. “Ask yourself “what if”.

L.E. units assist Resource workers and State EMS workers when they are in the area Provide cover for them as needed. Have them check in and out with you.

Everybody I want to thank you for the great job you all are doing and have done.

Are there short-term dangers to drinking energy drinks?

Individual responses to caffeine vary, and these drinks should be treated carefully because of how powerful they are. Energy drinks' stimulating properties can boost the heart rate and blood pressure (sometimes to the point of palpitations), dehydrate the body, and, like other stimulants, prevents sleep.

Energy drinks should not be used while exercising as the combination of fluid loss from sweating and the diuretic quality of the caffeine can leave the user severely dehydrated.

Know what you're drinking. Energy drinks are not necessarily bad for you, but they shouldn't be seen as "natural alternatives" either. Some of the claims they make like "improved performance and concentration" can be misleading. If you think of them as highly-caffeinated drinks, you'll have a more accurate picture of what they are and how they affect you. You wouldn't use Mountain Dew as a sports drink. And a drink like Red Bull and vodka is more like strong coffee and whisky than anything else.

Got Milk?

- The best blend of protein and carbohydrates
- What's the #1 sports recovery drink? (If you are lactosintolerent drink soy milk it, offers the same benefits.

**Flavored Single
Serve Milk**

You can carry it in your fire pack and it will not spoil

Another side benefit it helps with your cortisol level, which reduces belly fat.

Hydrate!

- The most overlooked PERFORMANCE ENHANCER!
- Carbo refueling & glycogen building helps to quicken recovery
- Hydration is critical for temperature regulation and performance
- Cardiovascular function & regulation of temperature are impaired = direct drop in performance.
- Body can't adapt, it simply shuts down.
- Electrolyte regulation is KEY!

Conditions Increasing Your Need for Water

- Climate
- Altitude
- Exercise (intensity & duration)
- Fitness Level-trained vs. untrained
- Heated / recirculated air
- Body size
- Illness

<u>Percent Loss of Body Water</u>	<u>Progressive Effects of Dehydration</u>
1%	Thirst
2%	Impaired physical performance
5%	Heat cramps, chills, nausea, clammy skin, rapid pulse, 20-30% decrease in endurance capacity
6-10%	Gastrointestinal problems, heat exhaustion, dizziness, headache, dry mouth, fatigue, confusion
>10%	Heat stroke, hallucinations, no sweat or urine, swollen tongue, high body temperature, unsteady walk

HEAT RELATED ILLNESS IS PREVENTABLE.

2009 RAINBOW IAP MEDICAL PLAN

Emergency Procedures Checklist

1. Conduct Size-up of the situation to include:

- Nature of the problem, i.e., injury or illness.
- Number of people involved & crew identification.
- DO NOT give names of individuals over the radio
- Chief complaints, patient assessment (refer: to IRPG page 35).

2. Contact Santa Fe Dispatch Center

- Clear all radio traffic.
- Point of contact will relay patient information & type of evacuation requested.
- Point of contact will relay Lat. & Long. for pick up location or major landmark. Lat. & Long., UTM's or Legal location are required for Helicopter life flights.

3. For an ALS Med-EVAC Request:

- Point of contact will notify Incident Commander and Santa Fe Dispatch Center for ALS-EVAC.
(* See below for locations on Air Ambulances*).
- If an outside Air Ambulance is requested, Santa Fe Dispatch Center initiates call. Santa Fe Dispatch informs Incident Commander and point of contact on estimated time of arrival and destination of patient.
- Point of contact will inform Santa Fe Dispatch Center with patient lift-off.
- Non-emergency radio Communications resume when emergency is complete, Santa Fe Dispatch Center will announce to all units.

4. For a Medical Transport request:

- Incident Commander or point of contact will notify Santa Fe Dispatch Center for Medical Transport>(*See below for locations Medical Transports*) request.
- Incident Commander or point of contact will identify and relay pick-up site.
- Santa Fe Dispatch Center will coordinate patient pick-up designated medical transport.
- Santa Fe Dispatch Center relays ETA to pick-up site.
- Santa Fe Dispatch Center will announce to all units to resume normal radio operations.

Hospitals/Clinics:

Name	Address	Travel Time Air	Travel Time Ground	Phone	Helispot Year	No.	Other	Other

Nursing Response Strategic Plan:

██████████, RN, BSN
██████████, RN

1. Attend inter-agency briefings
2. Establish relationships with Forest Service, EMS, local hospitals and urgent care, Rainbow Family CALM
3. Provide a consistent physical presence at the gathering/establish trust and exchange of information to the extent possible with CALM workers
4. Assist DOH Epidemiology infectious disease surveillance, and intervention if necessary (e.g. sample collection, medication administration, isolation and quarantine)
5. Stock local Public Health Office with equipment specified by Epidemiology Department
6. Provide on-call support as needed
7. Participate in education outreach to Rainbow kitchens and CALM
8. Provide adult immunizations of Hep B and Hep A to Forest Service personnel as requested
9. Accompany Epidemiology teams to the gathering in order to provide a consistent contact and facilitate exchange of information.
10. Maintain regular contact and exchange of information with nurse managers at local Emergency Rooms in order to facilitate enhanced syndromic surveillance as recommended by DOH Infectious Disease Epidemiology Bureau.
11. Inform DOH Pharmacy and Laboratory staff as needed regarding laboratory sampling activities and any recommended distribution of medication.
