RAINBOW GATHERING EVENT
SCENE VISITATION GUIDELINES FOR NON-LAW ENFORCEMENT INCIDENT WORKERS
6/17/2010

GOAL: Provide for safe, coordinated visits by non-law enforcement incident workers. Provide communications and a check-in and out process for non-law enforcement workers so they can be tracked and located in a timely and effective manner.

RECOMMENDED PROCEDURES:

Check in at the ICP (Incident Command Post). On your first visit you will be provided a Health and Safety briefing and/or a written copy of recommended site visitation protocol. If needed, you will also be assigned a portable radio. Information about radio use or special instructions for scene visits for the day will also be provided as needed.

ALL VISITORS WILL BE PAIRED UP, AND NO ONE IS ALLOWED TO VISIT THE SITE ALONE. EMPLOYEES SHOULD BE IN UNIFORM OR IDENTIFIABLE AS FOREST SERVICE EMPLOYEES.

Monitor radio traffic when driving to the gathering site.

When you arrive at the gathering contact the law enforcement Division Supervisor in charge. The Division Supervisor will provide you with site specific and situational instructions. Tell the Division Supervisor the purpose and expected duration of your visit. Vehicles should be parked in a secure and visible location. If you are unsure of where to park, ask for assistance from law enforcement. Always lock your vehicle and secure property.

When you are at the site and are out of your vehicle, contact Division Supervisor and advise them how long you expect to be out on foot. Make radio contact with Division Supervisor at a minimum of every 60-minutes; more frequently if you feel the need to shorten that interval. At check-ins advise the Division Supervisor of your approximate location. Use common sense when making radio calls or monitoring radio traffic especially in large groups of gathering participants.

Advise the Division Supervisor of any changes in the expected duration of your visit.

Advise the Division Supervisor when you return to your vehicle and relay that you are returning to ICP (or the location where you are departing to).

If applicable, check your assigned radio back into the ICP.

BE AWARE THAT TRAFFIC CONGESTION WILL OFTEN PRESENT A MAJOR PROBLEM PROCEEDING INTO AND OUT OF THE EVENT AREA.

BE ESPECIALLY ALERT IF A SITUATION BEGINS TO DEVELOP THAT MIGHT RESULT IN THE NEED FOR AN EVACUATION
